NHTSA Recall No. – 21T-002

Dear Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Cooper Tire & Rubber Company and Max-Trac Tire Co., Inc. (Mickey Thompson) has decided that a defect which relates to motor vehicle safety exists in certain Mickey Thompson tires, as identified in the table below.

Product Name	Size	DOT Serial Number	Brand
Deegan 38 All-Terrain	275/65R18	UT YJ MDN 2218, 3618-3718, 0219-0419, 1019, 1919-2019 & 2719-2819	MICKEY THOMPSON
Deegan 38 All-Terrain	275/55R20	UT Y1 MDP 2818-4118, 1119-1519, 2719-3119, 3319-3619 & 4219-4419	MICKEY THOMPSON

The DOT identification number is molded into each tire, and is composed of a DOT sequence, followed by a four-digit DOT date code. As an example, the following illustration shows what this number would look like for one of the affected tires in the chart above (Deegan 38 All-Terrain, Size 275/55R20). For this tire, the DOT sequence begins with UTYJMDP --- and ends with a date code (2-digit week and 2-digit year), which could be between 2818-4118, 1119-1519, 2719-3119, 3319-3619 or 4219-4419, inclusive. In the example below it is 2918.

You are receiving this letter because our records indicate that you may have purchased one or more of the recalled tires. The affected tires may lead to a **crash**. Bulges or separations in the sidewall area of the tire may develop and if undetected may ultimately result in a tire failure leading to the loss of vehicle control. Some affected tires may have a visual anomaly on the white sidewall of the tire. In-service conditions may include ride disturbance that may be felt in vehicle steering or ride. Driving at high speeds may cause this condition to occur and should be avoided until the tires have been inspected and replaced, if they fall within the identification numbers shown above.

Cooper Tire & Rubber Company and Max-Trac Tire Co., Inc. are recalling all of the tires with the identification numbers in the table above. To ensure your safety and satisfaction with our product, we request that you return the recalled tire(s) and this letter to your dealer. If the inspection verifies that you have a tire or tires with the suspect identification number, they will be replaced with the same or substantially similar tires, for **FREE** if you have presented them for remedy within one-hundred and eighty (180) days after (i) receipt of this letter or (ii) notice that a replacement tire is available (if not available at the time of inspection). It is expected that replacement tires will be available at the time of the inspection. However, if the tires are not available at the time of inspection, they will be available within twenty-one (21) days. After expiration of the one-hundred and eighty (180) day period, tires will be replaced under our normal adjustment policy.
